Additional Comments

I am looking forward to completing my EMDR studies and certification.
Amber and Reene were extremely knowledgeable, professional, and presented the training in an overall organized and thoughtful manner. They allowed space for questions and to help trainees become accustomed to the material/therapy.
This training was great and the trainers were amazing.
Amber kept my focus much better than I anticipated over Telehealth.

The training was great and very informative. The instructors were excellent. I do think the participants could benefit from being told the extend of the practicum experience may require a period of debriefing. This was an awesome experience and will be essential for the treatment of our clients.
I learned a great deal during this first EMDR portion-- I hope to see everyone in person in May for part 2!
