Please use this space to elaborate on any of the statements in this evaluation or to give further feedback. Feedback about the technological process is also welcome.

I have been wanting to learn EMDR since I became a therapist. I learned about it from a friend who is a psychologist.

The trainer/leader was very knowledgeable and helped me learn techniques and concepts of EMDR.

I appreciated you guys so much!

This training was awesome!

Loved this training. :)

I learned so much during this training. I'm so thankful to have been able to attend it and learn from Amber and Renee. I have already been referring my colleagues to receive this training with them!
